

JEFFREY T. JUNIG, MD, PhD

Fond du Lac, Wisconsin

Unscripted Practice · X: @jeffrey_junig · YouTube: @Suboxdoc · Tiktok: @doctor.J.1

Physician · Neuroscientist · Writer

Physician with training in neuroscience and board certification in anesthesiology, psychiatry, and addiction medicine. Career spanning academic research, hospital-based anesthesiology, and long-term outpatient treatment of opioid use disorder.

Early adopter and educator in buprenorphine (Suboxone) treatment, with ongoing work focused on clinical systems, physician autonomy, and patient experience. Currently engaged in public writing and commentary on modern medical practice.

Selected Writing & Commentary

KevinMD · STAT News

- *How wearable technology is changing the role of physicians (2026)*
 - *Why modern medicine feels more like a bureaucracy than a profession (2026)*
 - *Why quality of life in health care is often overlooked (2026)*
 - *Online testosterone prescribing risks: a physician's perspective (2025)*
-
